Guest Speaker

Jeffrey Smith is a 20 year U.S. Coast Guard veteran, with 9 years in command of units along the East Coast. Most of his career was spent in search and rescue and servicing aids to navigation. He retired from the USCG in 2019 to become the Mashpee Harbormaster then worked for a non profit before coming to Sea Tow as the operations manager for the Cape and Islands.

Jeff will discuss on water safety, how to prepare for on water emergencies, and how to prepare your boat for going to sea. He will provide navigational information about the local area and discuss traffic patterns in Buzzards Bay and Woods Hole, especially during busy weekends and around ferry routes.
